Decisions adopted regarding COVID-19:
 The government has announced immediate measures to avoid unnecessary layoffs and bankruptcies in companies due to the economic shock of COVID-19, and it will in the coming weeks and months monitor the situation closely and act appropriately to respond to the situation as it evolves. The Ministry of Labour and Social Affairs is also working on an amendment to the Immigration Regulations. The amendment will make it possible for seasonal workers who are in Norway during the COVID-19 pandemic to renew their residence permits and stay in Norway for more than six consecutive months. The Ministry's aim is for the amendment to be adopted as of Monday 30 April 2020

<u>Decisions adopted regarding COVID-19:</u>			
The government is making available a CHF10 billion (\$10.6 billion) aid package aimed at helping companies survive the economic downturn caused by coronavirus. Most of the money (CHF8 billion) is earmarked to fund the obligation of short-time work at firms while other tranches have been set aside for hardship loans and to support specific sectors such as event management. On April 3, 2020, the Federal Council has decided to increase the Surety Programme for COVID-19 transitional credits. The current commitment credit was increased from 20 billion francs to 40 billion francs in total.			
			- <u>Unemployment insurance/short time work:</u> Up to 8 billion francs can be drawn from the unemployment insurance fund for partial unemployment benefits. The waiting period for short-time working workers is reduced to one day, from now until September 30, 2020. Businesses will therefore only have to assume one day of technical unemployment before receiving unemployment insurance support. The Federal Council also requests

Decisions adopted regarding COVID-19:	
-	To bring immediate relief to hard-hit SMEs, the EU budget will deploy its existing instruments to support these companies with liquidity, complementing measures taken at national level. In the coming weeks, EUR1 billion will be redirected from the EU budget as a guarantee to the European Investment

Fund to incentivise banks to provide liquidity to SMEs and midcaps. This will help at least 100,000 European SMEs and small mid-caps with about EUR 8 billion of financing. We will also provide credit holidays to the existing debtors that are negatively affected

- The Commission will furthermore accelerate the preparation of the legislative proposal for a European Unemployment Reinsurance Scheme aiming at supporting Member State policies that preserve jobs and skills. Moreover, the Coronavirus Response Investment Initiative will facilitate the deployment of the European Social Fund – a fund geared towards supporting workers and healthcare. The European Globalisation Adjustment Fund could also be mobilised to support dismissed workers and those self-employed under the conditions of the current and future Regulation. Up to EUR 179 million is available in 2020.
- Under the newly established Coronavirus Response Investment Initiative, the Commission proposes to direct EUR 37 billion under Cohesion policy to the fight against the Coronavirus crisis. To this effect, the Commission proposes to relinquish this year its obligation to request Member States to refund unspent pre-financing for the structural funds. This amounts to about EUR 8 billion from the EU budget, which Member States will be able to use to supplement EUR 29 billion of structural funding across the EU. This will effectively increase the amount of investment in 2020 and help to front-load the use of the as yet unallocated EUR 28 billion of cohesion policy funding within the 2014-2020 cohesion policy programmes. The Commission calls upon the European Parliament and the Council to swiftly approve this proposal, so that it can be adopted within the next two weeks.
- In addition, the Commission is proposing to extend the scope of the EU Solidarity Fund by also including a public health crisis within its scope, in view of mobilising it if needed for the hardest hit Member States. Up to EUR 800 million is available in 2020
