Our reports on EU so far

The French government is currently drafting its national SDG roadmap, to be finalized in 2019. It is to be discussed around four sections: the vision for the 2030 Agenda, the approaches to each SDG, stakeholder mobilization, and monitoring and implementation. A steering committee, co-chaired by the Ministry for the Ecological and Inclusive Transition and the Ministry for Europe and Foreign Affairs, has been set up for this purpose, along with multi-stakeholder working groups. The trade unions, which have been invited to take part in this process, have contributed to the discussions and will closely monitor the subsequent action plans and the implementation process.
How the reports support advocacy

→ with the EU institutions and the UN: raise the profile of trade unions as development actors in their own right and key stakeholders in the implementation of A2030;

→ Finland: basis for a collective shadow report with NGOs national platform, with Trade unions leading on SDG8

→ Spain: basis for a more detailed national report and now for regional reports (SDGs in Extremadura)

→ Belgium: country report as advocacy tool
How the reports support advocacy: from our affiliates around the world

→ **Venezuela**: awareness-raising activities among members and advocacy with government authorities and parliamentarians;

→ **Zimbabwe**: unions held a National Stakeholders Conference on SDGs attended by critical Ministries implementing SDGs, ILO, trade unions, UN Agencies, members of Parliament and employers organisation, which led to the creation of a national dialogue platform for learning and sharing on the role of various national stakeholders in mainstreaming SDGs in national processes and national development plans and policies;

→ **Costa Rica**: trade unions signed a National Pact with the national government, with employers and civil society to advance SDG implementation, committing contribution to SDG achievement.

Themes of the Campaign

BEING FREE TO JOIN A UNION PUTS YOU IN A BETTER POSITION TO DEFEND YOUR RIGHT TO A DECENT WAGE AND DECENT WORKING CONDITIONS.

CORPORATE GREED WON’T BE STOPPED WITHOUT CLEAR RULES FOR MULTINATIONALS TO ADOBE BY AND STRONG UNIONS TO ENFORCE THEM.

GETTING BACK ON YOUR FEET AFTER AN ILLNESS, KNOWING YOUR LOVED ONES ARE WELL CAREED FOR WHILE YOU’RE WORKING, ENJOYING YOUR LATER YEARS – THERE ARE MANY REASONS TO SUPPORT UNIVERSAL SOCIAL PROTECTION.

TRADE UNIONS ARE KEY TO ENSURING THAT NO WORKER IS LEFT BEHIND IN THE TRANSITION TOWARDS A SUSTAINABLE FUTURE.

INFORMAL WORKERS PRODUCE WEALTH OUT OF POVERTY. THEY DESERVE FORMAL JOBS WITH THE SAME RIGHTS AS ALL OTHER WORKERS.

IF YOU HAVE A JOB, YOUR INCOME SHOULD BE ENOUGH TO PROVIDE YOU WITH A DECENT STANDARD OF LIVING.

WHEN TRADE UNIONS HAVE A SEAT AT THE TABLE, BIG CORPORATIONS AND GOVERNMENTS CAN BE HELPED TO DEVELOP SUSTAINABLE POLICIES AND PRACTICES THAT LEAVE NO ONE BEHIND.

GREED HAS BROUGHT THE WORLD TO THE VERGE OF ENVIRONMENTAL AND SOCIAL COLLAPSE. WE URGENTLY NEED A NEW SOCIAL CONTRACT TO ENSURE THAT RIGHTS ARE RESPECTED AND CORPORATIONS ARE HELD TO ACCOUNT.

ODD 8 - Le temps presse pour passer un nouveau contrat social

Toutefois, la plupart des gens ne bénéficient pas d'une protection sociale digne de ce nom. Le concept de travail décent s'étend au-delà de la vie professionnelle. Retraités, nous nous attendons à recevoir une pension afin de profiter de nos dernières années. Quand nous avons des enfants, nous voulons pouvoir continuer à travailler tout en sachant qu'ils sont bien pris en charge. En cas d'accident ou de maladie, devons quand même continuer à payer des factures ; nous désirons aussi recevoir des soins de santé, quelle que soit la taille de notre portefeuille.
