Dear Frances,

I am writing to express, on behalf of the entire ITUC family, our deepest sympathy to those who lost loved ones in the terrible atrocity in Manchester last night, and our hope that all those injured will make a full and speedy recovery.

We salute the courage and dedication of the first responders, and all those who rendered assistance without regard for their personal safety. We also commend the people of Manchester, for their solidarity and compassion at this most difficult time.

Our commitment to the non-violence and peace will never be weakened by this or any other terrorist atrocity, and we trust that those responsible will be brought to justice.

With sincere condolences,

Yours sincerely,

A handwritten signature in black ink, appearing to read "S. Burrow".

General Secretary
