(1) This table only includes global thematic calls for proposals that have been launched by EuropeAid headquarters (i.e. it does not include local calls launched by Delegations) and which are currently ongoing.

(2) Detailed eligibility criteria can be found in the respective guidelines following publication. CSO - civil society organisation; NSA - non-state actor (non-profit); LA - local authority; IO - international organisation

(3) There are two types of procedure, restricted and open. The restricted procedure splits the evaluation process into two phases, the first phase requiring the submission of a concept note. Successful applicants are then invited to submit a full application for the second phase. The open procedure requires the submission of the full application form at the outset of the application process.

(4) The information on upcoming submission deadlines is indicative only and subject to change. For most up-to-date information you are advised to visit the internet site of the call for proposals you are interested in (by clicking on the respective name of the call in this table you are automatically redirected).

(5) All financial allocations are indicative and include (when applicable) the amount foreseen for 2010, subject to the decision of the budgetary authority.
