

I pledge to not support the Trans-Pacific Partnership Agreement (TPP)

I support trade, but the **Trans-Pacific Partnership Agreement** is not the kind of agreement I can support. If done right, trade agreements could help to make a positive difference in the lives of working people, including to create good jobs with fundamental rights respected, to protect the environment, to ensure that all people have access to high-quality and affordable public services and to improve access to affordable medication. The TPP does not meet this test. It instead privileges corporate interests over the needs of everyone else.

I will not support the TPP.
